

# Integrity:

**Rick Germain**  
President  
Germain-Ford  
of Columbus

**“ Our new Ford facility is twice as big as the previous facility, but costs less to operate. ”**

Renier understands all the latest technology to make our facilities more efficient.

Renier's knowledge of marketplace trends, specific to the automotive industry, is a big part of the reason we use them. They are very informed about what is going on in the industry, and they go out of their way to learn as much as they can.

The fact that they completely fulfill all the commitments they make to us is awesome. They do what they say they will do.

**We have a long-term, cost-effective result when we build with Renier. ”**
