

GERMAIN LEXUS

SERVICE

*Rick Germain  
Germain Lexus of Easton*

**“A five month construction schedule seemed impossible, but Renier was committed to meeting it.**

The coordination and the follow-up was remarkable. They followed up on special requests and other details sometimes within the hour. We got it all. Great service and a facility that really reflects the image and quality of the brand we represent.

**Of course, we opened right on schedule.”**
