

Integrity

“ **Renier Construction was incredibly organized and efficient.**

Everyone involved in the project was crystal clear as to what was happening and when. That level of organization builds trust.

**Everyone loves our new facility, both employees and customers.** It has a modern design; it's open and airy. We couldn't be happier with it.

I'd say you're foolish if you don't have Renier build your building. **I wouldn't hire anyone else. ”**

**Kevin King**

General Manager, Byers Audi
