

RENIER CUSTOM CONSTRUCTION

Renier Custom, a small projects
division of Renier Construction.

Our Custom division serves clients with small to mid-sized industrial and commercial construction needs. We are here to support needs that range from tenant improvement projects and additions to minor replacements and repairs through our tailored and custom approach.

Renier Custom offers the same great service, quality, and efficiency that you know and expect from Renier Construction.

CUSTOM CONSTRUCTION

Through our Custom team, we're able to quickly, efficiently, and economically support small to mid-sized design-build construction projects.

We provide custom, made-to-order service that is reliable, hassle-free, and of the same excellence and integrity that the Renier brand commands.

SERVICES INCLUDE:

- › Tenant Improvements
- › Facility Renovations
- › Building Additions

**If you have a project that
you find yourself saying,**

“

I'm not sure they would do this...

OR

This is probably too small... ”

**give our
Custom team a call!**

614-407-7442

Integrity

There is no project that is too small or too large for our staff.

FACILITIES/PROPERTY MAINTENANCE

Through our maintenance program, we can handle every repair and maintenance need at your facility.

We also provide preventative maintenance services as well as an audit of your facility to show what needs to be fixed immediately, what needs addressing in the next year, and what will need to be budgeted for in the future.

SERVICES INCLUDE:

- › 24/7 In-House Contact
- › Landscape Maintenance
- › Backflow Preventive Inspections & Certifications
- › Storm Water Quality Control Inspections
- › Plumbing Services
- › Electrical Services
- › Fire Extinguisher & Fire Alarm System Inspection
- › HVAC Maintenance
- › Elevator Maintenance
- › Exterior Window Cleaning
- › Site & Facility Inspections
