“They kept things on-time and served as our advocate...”

We went to Renier with the need to expand our presence in Central Ohio and **what Renier delivered for Middlefield Bank is excellent.**

We partnered with Renier again because of the relationships we’ve built with their ownership and management team. Not to mention, they have a very good process. Communication is key.

The methodology that Renier uses in managing their projects has been critical. It bridges a big gap which resulted with the project coming in at budget.”

Charles Moore

President Central Ohio Region
The Middlefield Banking Company
