

**Zach Doran**  
President  
Ohio Automobile Dealers Association

**“We hired Renier Construction because of the reputation they have with our dealers.**

My members have always told me that Renier delivers what they say they will deliver, on time and on budget. My members’ recommendation spoke volumes. Renier made sure there were no surprises. They were very transparent throughout the process and provided timely updates about where things stood. More importantly, they followed-up on those things.

**I’m very happy. I would hire Renier tomorrow if I was going to do it again. After working with them, I understand why so many of my members are repeat customers.**
