

“This was our first time to build or own,

and we were very happy with the process. Because of Renier Construction’s multiple layered management approach we were constantly kept informed. And, if I had special needs or questions, I could always pick up the phone and call Renier’s owner directly. He was constantly aware of what was going on. There seems to be a lot of integrity in their process. That’s why we have a building that really fits our company. What a great place to show people! I’d recommend them to any business owner.

I know we’ll definitely use Renier again.”
