

Integrity

"AFTER TALKING TO ONE OF RENIER'S CUSTOMERS, I WAS COMFORTABLE CHOOSING THEM AS MY CONTRACTOR

and they lived up to the recommendation. I found that Renier Construction is well structured and professional. They had on-site supervision day in and day out, and when design issues arose with The Downtown Commission, the Renier folks handled them all directly. And, even though the city requested a lot of changes, Renier never slowed down. They finished on time and within budget. Overall, we had a solid working relationship from start to finish.

I OBVIOUSLY MADE THE RIGHT CHOICE."
